MONTHLY NEWSLETTER August 2010

President's Corner: What a difference the Club looks with the newly constructed Skeet houses and covered patio with lighting and a fan. Next will be the rebuilding of the rifle/pistol shed with added space and new cabinets. The changes to the skeet houses will allow a safer access to loading and maintaining the skeet machines and additional storage is always needed. Other changes will be forthcoming this fall. I have heard both positive and some criticism on what is taking place but please, allow it some time to soak in and I am sure we will all get accustomed to the echoes and other things. A Special Thanks go out to those involved in the construction, and rebuilding of skeet machines along with electrical changes and other tasks that have been made. We will be having a summer clean up day once construction is completed. Look for additional news in our web site and other special postings. Remember this is your club and everyone needs to pitch in to keep it a clean and enjoyable place to participate in all shooting disciplines. Thanks!! (Pat Kendrick (918) 337-14777.

Military Matches: What a turnout we had Saturday and what a tough bunch shooting in 118 degree heat index. We welcomed several new shooters to the Military Rifle Matches. We had to run 2 relays for the .22 military trainer match which was won by one of our new shooters, Bryce Woodrome. Bryce is also one of 4 junior shooters that joined us for this match. Good shooting Bryce. Looks like us old guys better get to practicing if we are going to keep up with the youngsters. Another 1st time military match competitor and junior shooter, Travis Black won a \$25.00 Grafts certificate in the .22 trainer drawing. Neil Stamper won the 2 remaining \$25.00 Grafts certificate in the drawing of semi auto and bolt action shooters. Hope Neil stopped and bought lottery tickets on his way home. Neil also won the military bolt action match and Jim Hilton won the military semi auto match. Next match is Aug 21st at noon. This match will begin with a .22 military trainer match and followed by the black guns; ARs, M1A1s, any military semi auto or clone. Format is still 100yds from bench and no optics. Match requires 50 rounds plus sighters. For shooters who wish to shoot in both matches, I will take reservations for the 2nd .22 trainer relay and 1st rifle relay. Send me an email requesting a bench and I will reserve it for you. All others will shoot in first .22 relay and last rifle relay. Call or email if you have questions. Attached are the results of all 3 matches. Joe Franco 918-914-2917

** AR rifle - does not meet criteria for as issued military semi auto

Trap: At a recent Trap tournament held in Broken Arrow at the Oil Capital Gun Club, our BSC club shooters continue to have dominance on the yearly Buckle Handicap Shoot. For the last five years, four of our shooters have walked away with the top prize. The gold plated buckle was won by Pat Kendrick this year. Past buckle winners include Alan Barnes, Jim Waite, and Billy Pierce. We have some very talented shooters competing for shooting honors at many of the clay bird events, so let's keep up the good work.
