## MONTHLY NEWSLETTER June 2010

**President's Corner:** Looking at the calendar, the year is almost half over and am wondering why things are moving so quickly. It is great to see Mike Proctor back home for a few weeks before his upcoming surgery. Mike, we are all rooting for your fast recovery and your permanent fixture here at the club. Our prayers and thoughts will be with you and your wife Margo.

Our club schedules several activities for each year. They include registered skeet tournaments, club picnics and shoots, monthly rifle shoots, and clean up days throughout the year. These dates are set during the January/February time frame and are posted in our shooting schedules, on bulletin boards, and our internet web home page. During these events the club is closed for any other shooting activities until the scheduled function is completed, so please check these pre-set days out before planning your own shooting schedule. Being a multi-disciplinary shooting facility, it is not always easy to please everyone but be considerate for what the club is trying to accomplish.

Having the responsibility for the operation of our Club is not an easy task. The Board is responsible for the day to day operation of everything taking place. Sometimes the decisions we make are not easy and some may think that we are inconsiderate of their likings. The Board meets the first Monday of the month and is closed to everyone except board members. If anyone has a topic or special discussion they would like to present to the "Board", please contact the President and we will schedule time on the meeting agenda. Your input is important.

The membership votes in the new "Board" every year at our December members meeting, and gives us the responsibility to make decisions in the operation of the club. The board spends many volunteer hours in making our Club a pleasant place to spend time shooting and enjoying themselves. If any member would like to make themselves available for board positions, please become volunteers, make yourself visible at club functions and be willing to roll up your sleeves and become involved. We continue to ask for input on club functions that can be scheduled, so please speak up.

With the construction just about to begin, we will do our best to inform members of any downtime that will need to be scheduled. We will post information on the bulletin boards at the club and also on our "home page" on the web-site. Well my space and time are both up, so please come out to the club, have fun, and safe shooting.

**Pat Kendrick (918) 337-1477**

**Military Rifle Match:** Neil Stamper swept the .22 trainer match with 2 100s. Nice shooting Neil. New shooter Jerry Bernaud won the rifle match but alas he has an asterisk. Jerry only had one bolt gun to shoot in the 2 gun match. We always welcome new shooters, no matter what you have to shoot as long as it is military issue and no scope. Several of our shooters will be participating in a military inspection and will be unable to compete in Jun match. So here is the deal – There will be no match on Jun 19th, instead we will have a .22 military trainer match, a semi-auto match, and a bolt gun match on 17 Jul 10. In addition we will draw the name of a lucky participant from each match for a Graft certificate. Look forward to seeing everyone Jul 17th. If anyone has questions email or call me. Joe Franco (918-914-2917 jfranco@cableone.net)

### BSC Two Gun Rifle Match 05/15/10

Name	Grp1	Grp2	Score 1	Score 2	Score 3	Total

J. Beller	4.19	92-1x	90-1x	182-2x

J. Beller      6.0    6.0      73      81      58      212      B. Hale      3.14    93-1x      86      179-1x

**Skeet Tournament:** The Club will be hosting an OSSA registered skeet tournament at the club on August 14, 2010. Shooting will begin at approximately 9:00 A.M. Depending on the number of participants in the tournament, the East field may be available to our club shooters. During the tournament, the rifle/pistol range will be closed. If you are available and would like to help (load targets etc.) please contact Losson Winkler at 333-2583 for details.
