President's Corner:

If you like shooting when it's hot, come on down. We had some loyal members move 2 pallets of birds to the Skeet houses Sunday morning and the temperature was already 95 degrees.

The board has taken the action of ending our current Youth Shotgun program when school starts this fall. A new Youth Shotgun program will be announced soon with all the details.

Improvements at your club continue. We have replaced one of the throwers @ the 5 stand and we will soon be moving all the components to the new trailer. One fall project we have planned will be to paint the clubhouse.

Also a thank you to all the volunteers who are keeping the fields mowed and trimmed in this July heat.

Your President, Mike Proctor
